

WGM cooperates with Primary School No. 107 in Warsaw

Dr. Halina Postek, Manager of the Education Department of the Warsaw Ghetto Museum, conducted lessons on Judaism in classes 7A and 8B on 2 October.

The lessons concerned religion, tradition, and culture of Polish Jews and addressed the issues of the Holocaust. The speech given by Dr. Halina Postek deepened sensitivity, empathy, and willingness to help among the pupils, shaping attitudes of openness, tolerance, and acceptance for ethnic, religious, and cultural differences, raising awareness of the dangers associated with stereotypisation and prejudice, showing the causes and consequences of racism and anti-Semitism.
